Washington, DC 20510

February 10, 2009

Tom LaSorda, President and Vice Chairman  
Chrysler LLC  
PO Box 21-8004  
Auburn Hills, MI 48321-8004

Dear Mr. LaSorda,

We write today to express our strong support for the Chrysler Engine Plant in Kenosha, Wisconsin. Knowing that Chrysler and other domestic automobile companies are facing challenging times, we hope you will do all you can to protect the jobs of the hard-working Wisconsinites at this plant.

This plant, which employs more than 600 of our constituents, is a major economic engine, not just for Kenosha, but for all of Southeastern Wisconsin. The engine plant and the family-supporting jobs it provides are integral to the continued growth of this part of our state. As Chrysler works to respond to current challenges and strengthen its future, we hope that you will consider the substantial assets that the Kenosha workforce has to offer Chrysler.

We know that Chrysler recognizes and appreciates, as we do, the tremendously skilled and dedicated workforce at this plant. The workers at the Chrysler Engine Plant have proven their dedication to Chrysler for many years. Both the company and workers continue to be actively involved in efforts to strengthen the southeastern part of the state through charitable work and other community involvement. We appreciate Chrysler's partnership with the state of Wisconsin and we hope this partnership can continue to thrive for many years to come. As the federal delegation, we stand ready to assist the state and local governments, the Chrysler workforce, and other stakeholders in any way possible to maintain these jobs, and hope that Chrysler will do so as well.

We thank you for your attention to our request and would appreciate a prompt response to our letter.

Sincerely,

Russell D. Feingold  
U.S. Senator

Paul Ryan  
Member of Congress

Herb Kohl  
U.S. Senator

Gwen Moore  
Member of Congress
